

50 MURDERED, VILLAGE BURNED

Mexican Rebels Commit Atrocities. Huerta Soldiers Tortured.

Mexico City, Oct. 23.—Revolutionists yesterday murdered the entire population, numbering about 50, of the village of Cheran Atzicuirin, in the State of Michoacan, while they were defending the village church against looters. The villagers fought until the ammunition was exhausted and then used machetes, stones and clubs to beat off their assailants, but eventually they were overcome and killed and the village was burned to the ground.

Rebels were reported to have tortured Lieut. Jose Bracamontes and two soldiers belonging to a small Federal garrison stationed near Camraon, south of Nuevo Laredo, after killing the remainder of the Federal troops. The rebels are said to have skinned the soles off the feet of their three prisoners, walked them several miles and then beheaded them with machetes because they refused to shout for Carranza.

Wilson Keeps Silence.

Washington, Oct. 23.—At his usual semi-weekly conference with the newspaper correspondents to-day President Wilson for the first time declined to discuss foreign relations and asked to be excused from speaking of the attitude of Great Britain or any other phase of the Mexican situation.

The President's departure from his custom of speaking frankly on international affairs was regarded as deeply significant regarding the situation caused by alleged actions of Sir Lionel Carden, British minister to Mexico, and Great Britain's attitude toward the Mexican situation generally.

CHARGE CONSPIRACY TO THAW.

He and Four Others are Indicted. Bench Warrants Out.

New York, Oct. 23.—A blanket indictment charging Harry K. Thaw and four others with conspiracy in connection with his escape from Matteawan State Hospital for the Criminal Insane in August was returned by the grand jury here this afternoon. It will be used as a weapon by Wm. T. Jerome in his efforts to extradite Thaw from New Hampshire.

The others indicted were Former Assemblyman Richard Butler, Michael O'Keefe, "Gentleman" Roger Thompson and Eugene Duffy, who are alleged to have been Thaw's companions in the automobile in which he escaped. These are the same men for whom warrants were issued in Dutchess county after Thaw's flight.

Bench warrants on to-day indictment were issued by the court and turned over to detectives of the District Attorney-General's office. Mr. Jerome announced that he would ask Governor Glynn for extradition papers on the new charge to be sent to the Governor of New Hampshire.

M. H. Grossman, counsel for Thaw, was in the building when the indictment was returned. He denounced it as a subterfuge.

"A person who has been committed to an asylum as insane cannot be adjudged guilty of conspiracy," he said. "I do not believe the indictment will stand and I seriously doubt if it will in any way affect the status of the case in New Hampshire."

Cupid Draws No Party Lines.

Washington, Oct. 23.—Congressmen of all political faiths, at the suggestion of Republican Leader Mann, will unite on a wedding present for Miss Jessie Wilson, the President's daughter. At a meeting to-day of a hundred members of the House, Speaker Clark was designated to name a committee to carry out the plan.

A \$2,100 Gift.

"How much shall we chip in?" asked Republican Leader Mann. "Will \$5 a member be too high?" "No, no!" chorused Democrats, Republicans and Progressives.

The membership of the House is 432. All contributing to the wedding gift, the fund would total \$2,160. What the gift will be has not been determined.

Bandit Runs Wild.

Denver, Oct. 24.—A bandit running wild in the heart of the city early to-day, shot and killed one, mortally wounded another, and then fled before an automobile filled with police who traced him from one scene to another, only to arrive each time too late.

40 Drowned When Ship Sinks.

Helsingfors, Finland, Oct. 23.—Forty sailors and passengers on board the Finnish steamer Weikasten were drowned to-day when the vessel struck a reef near Vasa in the Gulf of Bothnia and went down. No one was rescued.

FIGHT AGAINST TUBERCULOSIS.

Red Cross Seal Commission Has Booth at the State Fair.

Columbia, Oct. 27.—Special: The work of the Red Cross Seal Commission is progressing rapidly and successfully. The magnitude of the undertaking may be seen from the size of the order for seals and advertising material which the American National Red Cross has just shipped to the commission's headquarters at Columbia. The order consists of 2,000 advertising cards, 10,000 envelopes, 10,000 blotters, and 500,000 Christmas seals. The active selling season for the seals is from Thanksgiving to Christmas. During the next month this great mass of material will be shipped out to the many public spirited men and women throughout the State who have consented to act as agents. As evidence of the wide interest and the hearty spirit of co-operation the movement is meeting on all sides, may be cited the fact that the Southern Express Company, through Vice President Loop, has agreed to handle the commission's shipments free of charge. The commission is planning to establish a booth at the State Fair, so that visitors from all parts of South Carolina may become acquainted with the aims and methods of the crusade against tuberculosis.

"Acted Foolishly," Says Judge.

Anderson, Oct. 23.—As Deputy Sheriff Sanders was escorting Judge H. F. Rice, of Aiken, presiding over circuit court here, through the court house to a hotel for dinner to-day, a friend struck the officer with a stick, causing the officer's pistol to be discharged. The bullet tore the seat of Sanders' trousers, struck the tiled floor, glanced and buried itself in a window jam. The incident caused some excitement, as the corridor of the court house was crowded at the time. While Deputy Sanders was remonstrating with the man who dealt the blow Judge Rice remarked characteristically that the man "had acted very foolishly." The blow harmed no one. The blow causing the discharge of the pistol was dealt in a friendly way and the man dealing the blow was as much surprised as anybody when the pistol fired.

EASY RELIEF FROM CONSTIPATION.

The Remedy that Replaces Calomel. Causes No Restriction of Habit or Diet.

It is a mistake to take calomel when your liver is lazy and needs toning up. Hundreds of people in this section have discovered that Dodson's Liver Tone is a thousand times better and safer and its action is just as sure. There are none of the bad after-effects of calomel to Dodson's Liver Tone and no danger of salivation.

For attacks of constipation or biliousness one or two spoonfuls of this mild, pleasant-tasting vegetable liquid are enough and Bell's drug store gives a personal guarantee that every bottle will do all that is claimed for it. Money back in any case where it fails.

Dodson's Liver Tone costs only 50 cents for a large bottle. Remember the name because there are any number of remedies sold in imitation of Dodson's claims. Some of them have names very similar to Dodson's Liver Tone—and are in same color package. These imitations are not guaranteed and may be very harmful. Go to Bell's drug store and you will surely get the genuine. adv.

LOUISIANA SWEEP BY STORM.

Many Lives Lost—Damage to Property Runs Into Millions.

New Orleans, Oct. 23.—A terrific storm that is reported to have cost at least nine lives, injured almost half a hundred persons and did great property damage swept over a narrow strip of Southern Louisiana early to-day. Wires are down southwest of this city and news of the storm's damage did not reach here until afternoon.

All wires to Southwest Louisiana are down and no news at all of what happened in a large section of the State is available. At 2 o'clock there was no communication west of Thibodaux, in LaFourche parish.

Many Persons Killed. From Thibodaux came a brief report that four had been killed there, a white woman, Mrs. Born, and her baby and two negroes. Eleven persons are said to have been hurt there. Property damage is heavy.

Five are reported to have been killed at Luling, La., a few miles directly west of New Orleans. It is said they were all negroes. Twenty-six were reported injured in and about Luling. The property damage to the Luling plantation is estimated at \$250,000, mostly to the sugar cane crop.

Apparently the storm did its greatest damage in a narrow strip in the southern part of the State, although wire communication with some points in the northern part of the State was uncertain since early to-day.

It is believed the storm was part of the one that deluged Southern Texas yesterday, that it swept east and gained in wind velocity as it proceeded.

28 OFFICIALS INDICTED.

Conspiracy Alleged to Defraud East St. Louis of \$100,000.

St. Louis, Oct. 22.—Wholesale indictments against most of the members of the city administration of East St. Louis, which went out of office last spring, were returned to-day by the grand jury that has been investigating charges of municipal irregularities.

Twenty-eight persons were indicted, including twenty-four former city officials. Among those indicted were Chas. S. Lambert, former mayor; E. F. Gerold, former city treasurer, and fourteen of the sixteen members of the city council of 1912.

Most of the indictments charge conspiracy to defraud the city of various sums of money. The frauds aggregate, it is charged, \$100,000. Some of the men in the list are members of the present administration.

The indictments were returned in the court of Judge W. M. Vandeventer, East St. Louis, and were the result of a long investigation by the grand jury, which followed charges of graft published in a St. Louis newspaper. About the same time a former member of the city council signed a sworn confession.

Has Job for Lynch.

Albany, N. Y., Oct. 22.—Governor Glynn to-day announced he would nominate James M. Lynch, of Syracuse, president of the International Typographical Union, for State Labor Commissioner.

KNIFE TO CURE CRIMINALS.

Operations Performed at Instance of a Circuit Court Judge.

Chicago, Oct. 23.—Four patients were operated on to-day by Dr. E. H. Pratt, of Evanston, in an effort to eliminate criminal tendencies and moral deficiencies. The operations were performed at the instance of Judge Geo. W. Bridgeman, of the Circuit Court, of St. Joseph, Mo., who has announced that hereafter he will not sentence any one convicted in his court of moral crimes to penitentiaries or insane asylums until the knife has had an opportunity to regenerate the mind affected.

For obvious reasons the names of the persons upon whom the operations are performed will be withheld. Dr. Pratt, in discussing the subject recently with Judge Bridgeman, said that the operations would not destroy any organ or function of the mind or body, but merely would remove abnormal conditions affecting nerve centers.

Two of those who went under Dr. Pratt's knife recently at St. Francis Hospital, Evanston, are brother and sister, both under 20 years of age. If Dr. Pratt succeeds in overcoming their moral weakness, the charges pending against them in Judge Bridgeman's Court will be dismissed. Both are said to be recovering rapidly from the effects of the operations.

To-day's patients were two men and two children, against whom charges are pending in the Michigan court.

Honea Path Oil Mill Fire.

Honea Path, Oct. 22.—At 2.30 o'clock Tuesday afternoon the lint room of the Honea Path Oil Mill Co. was discovered to be on fire. The fire burned fiercely for quite a while and spread to the seed room. At one time it looked like the whole plant would burn despite the heroic efforts of the volunteer firemen, but they succeeded in overcoming the flames before they spread to any other department of the plant. Damage to the building and machinery was estimated amounting to several thousand dollars. The company carried some \$18,000 insurance, which will more than cover the damages. It will be several months before the plant can be gotten ready to operate again, which will mean the loss of the greater part of the season's business to the company.

FOLEY'S KIDNEY PILLS
for Backache, Rheumatism, Kidneys and Bladder.
Bell's Drug Store, Walhalla, S. C.

Watch Carefully the Child's Diet

START THEM OFF RIGHT WITH A GOOD LAXATIVE AND THEN WATCH THEIR FOOD.

Mothers are often unconsciously very careless about the diet of their children, forcing all to eat the same foods. The fact is that all foods do not agree alike with different persons. Hence, avoid what seems to constipate the child or to give it indigestion, and urge it to take more of what is quickly digested.

If the child shows a tendency to constipation it should immediately be given a mild laxative to help the bowels. By this is not meant a physic or purgative, for these should never be given to children, nor anything like salts, pills, etc. What the child requires is simply a small dose of the gentlest of medicines, such as Dr. Caldwell's Syrup Pepsin, which, in the opinion of thousands of watchful mothers, is the ideal remedy for any child showing a tendency to constipation. So many things can happen to a constipated child that care is necessary. Colds, piles, headaches, sleeplessness, and many other annoyances that children should not have can usually be traced to constipation.

Many of America's foremost families are never without Syrup Pepsin, because one can never tell when some member of the family may need it, and all can use it. Thousands endorse it, among them Mrs. M. E. Patten, Valley Junction, Iowa, who is never without it in the house. Mrs.

RALPH M. PATTEN.

Patten says that Syrup Pepsin has done wonders for her boy Ralph, who was constipated from birth, but is now doing fine. Naturally she is enthusiastic about it and wants other mothers to use it. Dr. Caldwell's Syrup Pepsin is sold by druggists at fifty cents and one dollar a bottle, the latter size being bought by those who already know its value, and it contains proportionately more.

Every one likes Syrup Pepsin, as it is very pleasant to the taste. It is also mild and non-gripping and free from injurious ingredients.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

FISHER ARRESTED FOR LIBEL.

Blackmail Plot Now Charged in the Leo Frank Case.

Atlanta, Oct. 22.—Detectives in Atlanta and Birmingham are to-day working to uncover what they claim will prove to be a blackmail plot in the Phagan murder case.

The arrest last night of Ira W. Fisher on a charge of criminal libel is expected to be followed, according to the police, by other arrests.

Fisher's statement to the chief of police of Birmingham that he could prove another man, not Leo M. Frank, killed the girl last April caused a sensation.

Attorneys for Frank, who has been convicted and sentenced to hang, had Fisher brought to Atlanta. His story was retold to these attorneys. He accuses a well known Atlanta furniture dealer of the crime. The attorneys seemingly discredited the story and turned Fisher over to the police.

Fisher was closely questioned by Chief of Detectives Lanford and confronted by the man he accused, but stuck to his story.

His arrest on a charge of criminal libel followed a few hours later.
